

## Announcement – EOL of LDD/LDT series

1st Dec 2020

## EOL for LDD120, LDD240, LDT481, LDT720 series

Dear End-Customer or Sales Channel Partner,

As part of our product lifecycle management process, Bel Fuse provides notification when a product has reached End-Of-Life (EOL) status. EOL decisions are based on changes in the landscape of safety standards and the obsolescence of electronic components. Products designated for End-Of-Life will be available for a last time buy purchase prior to being made obsolete, <u>if material permits</u>. The products identified for inclusion into our Last Time Buy Program are listed within this document.

Last Time Buy (LTB) orders accepted until 18<sup>th</sup> Dec 2020. Last Time Shipments until 4<sup>th</sup> Jan 2021.

After the indicated dates, the affected products will be considered obsolete. Acceptance of last time buy orders are subject to product and material availability and at the discretion of Bel Fuse. Every effort will be made to fulfill these orders. Purchase orders for these products will be considered Non-Cancellable, Non-Returnable (NCNR). If you have any questions concerning this End-of-Life notification, please contact your Bel Fuse Customer Support Representative.

We would also like to take this opportunity to thank you for your business in the past and to assure you that everything we do is aimed at becoming your power supply partner of choice in the future.

Yours faithfully

Audrey Boulot Product Manager Bel Power Solutions
